

TEMPLEWORK LA

TEMPLEWORK LA Studio Protocols for COVID-19 Safety

It is hard to fathom what we have been through as a community, nation and world over the past few years. Our business is to nurture, bring peace of mind, and heal the body. Please know these events have affected us greatly.

Due to the nature of our business, we will continue to follow sanitizing and disinfecting guidelines from CAMTC, ABMP, CDC, CDPH, and FSMTB. Each room is thoroughly disinfected before each client, contains all the proper amenities, and includes a HEPA Air Purifier.

We ask that masks are worn in our common areas to respect the sensitivities of others. Our therapists will wear a mask as we are in close proximity to clients. Clients may choose to wear a mask depending on their comfort level during the session.

Booking online is easy.

Upon booking your email confirmation will prompt you to fill out an intake form prior to arrival. Thanks so much.

Please direct any and all questions or concerns to our email:
